

SmartBuild ALERT by Occupant www.SmartBuild.eu

You want to give feed-back outside an organised survey? Thank you for your support!

The first set of questions relates to yourself and to the room you are using. This information is required to allocate the response to a room and determine the prize winners among the occupants.

Note on privacy

This survey is anonymous. The record kept of your survey responses does not contain any identifying information about you unless a specific question in the survey has asked for this. If you have responded to a survey that used an identifying token to allow you to access the survey, you can rest assured that the identifying token is not kept with your responses. It is managed in a separate database, and will only be updated to indicate that you have (or haven't) completed this survey. There is no way of matching identification tokens with survey responses in this survey.

We need to ask you in which room(s) you are active because we need to analyse and improve the comfort conditions on room level. Rooms may use a slightly different control system and/ or other settings for its control.
